

Manpower & Maintenance Services Ltd.

World class solutions in facilities maintenance, outsourced services, and workforce education

Manpower & Maintenance Services Ltd. (MMS) was established in 1990 and serves clients throughout Jamaica from its offices in Kingston, Mandeville, and Montego Bay. The company was established primarily to provide janitorial, building, and grounds maintenance services to healthcare institutions, but because of its impeccable track record of performance and service delivery at the Tony Thwaites Wing of the University Hospital of the West Indies, the MMS quickly attracted clients from the island's other commercial

sectors, including banks and offices, construction and renovation sites, cruise ship piers, sport facilities, hotels, college campuses, factories, shopping malls, and prestige homes.

Other services provided by MMS include: carpet care, pest control, landscape design and maintenance, maid service, plumbing, carpentry, the cleaning of entertainment venues, and the provision of wash room supplies. The company also provides janitorial con-
