

of growth and development. And it is actively looking for like-minded partners who are as intrepid and confident as its original aviators and risk takers. “Most times you look at an airport and say ‘Where do I fit?’ because most of the opportunities have been taken, already,” Nicolaas states. “Bonaire is in a favorable

WEB CONTRIBUTES TO A GREENER BONAIRE

- ✓ Annually 33 percent renewable energy from wind and sun
- ✓ Pagabon prepaid electricity for conscious and manageable energy consumption
- ✓ Purified wastewater for agriculture and landscaping
- ✓ Decentralized generation of alternative energy
